### **VERSE ONE:**

C F  
I've made it through each day, with just enough strength not to change,

C F Fm  
There is no life in survival mode.

C F  
A tree's roots can only grow, when they're exposed to cold,

Am G F Fm  
You've brought a chill to my soul.

### **PRE-CHORUS:**

G Am F C  
Only Your love would let me fall, only Your love would bring me down.

G Am F C  
And I've never been so low, but from the bottom, I see a way out...

### **CHORUS:**

F C  
*So bring me down,*

F C  
*Bring me down,*

F G  
*Bring me down.*

### **VERSE TWO: (same as v1)**

My strivings all collapsed, none of my plans came to pass,  
Grass just can't grow on an iceberg.

The weeds will never stop, if you just crop the tops,  
You've got to dig down in the dirt.

### **PRE-CHORUS**

### **CHORUS**

### **BRIDGE:**

Am F  
Sometimes the only way up is down, Sometimes the only in is out,

C E7 Am D/B  
Sometimes the only thing left to do is give into the gravity,

F C F  
that brings you low enough to see...
